ACADEMIC FACILITIES PLAN PRINCIPLES

• **Promote quality (not quantity) of space**
  – Prioritize stewardship and sustainable practices
  – Address deferred maintenance
  – Manage and organize research space
  – Maximize shared resources
  – No net new academic space

• **Improve work & learning environment**
  – Increase amount of collaborative space
  – Dismantle silos within silos
  – Adjust learning environment to match modern pedagogies
  – Create environment that encourages productivity for new construction or renovation
